

SRINADHU KRISHNA PRABATH

Data Analyst | SQL | Power BI | Excel | Python

+91 9014764249 krishnaprabath1509@gmail.com linkedin.com/in/srinadhukrishnaprabath github.com/prabath1509 Madugula, Andhra Pradesh, India

PROFESSIONAL SUMMARY

Data Analyst with strong skills in SQL, Advanced Excel, Power BI, exploratory data analysis, KPI reporting, dashboard development, and business insight generation. Experienced through analytics programs, simulations, and internship work focused on transforming raw data into decision-ready reports and recommendations.

TECHNICAL SKILLS

Analytics: SQL joins, aggregations, EDA, statistical analysis, KPI tracking, A/B testing	BI Tools: Power BI, DAX, data modeling, dashboards, Tableau
Spreadsheets: Advanced Excel, Google Sheets, pivot tables, INDEX-MATCH, VLOOKUP, data cleaning	Programming & Cloud: Python, MySQL, AWS EC2, AWS S3, CI/CD fundamentals

EXPERIENCE

Data Analyst Intern - Analytics Career Connect	Mar 2026 - May 2026
- Support analytics workflows through data cleaning, exploratory analysis, KPI tracking, and dashboard-ready insights. - Gain hands-on exposure to practical analytics tasks, corporate-style workflows, and business-focused reporting. - Apply SQL, spreadsheets, and visualization thinking to communicate findings clearly for decision-making.	
Data Analytics Program - IBM SkillsBuild	Jul 2025 - Sep 2025
- Applied SQL querying and exploratory data analysis to analyze structured datasets. - Developed Excel KPI dashboards to improve reporting clarity and business readability.	
Data Analytics Simulations - Deloitte, Quantum, Tata Group	2025
- Analyzed 10,000+ records to identify trends, customer behavior, and performance insights. - Built Power BI dashboards to track KPIs and present data-driven recommendations.	
Cloud & DevOps Intern - Blackbuck Engineers	May 2025 - Jul 2025
Completed a 120-hour internship on AWS, CI/CD fundamentals, EC2 deployment, and cloud workflows.	

PROJECTS

OneServe Government Services Platform	Python + FastAPI
- Built a full-stack platform for complaints, DigiLocker-style document storage, certificate workflows, and role-based dashboards. - Implemented JWT authentication, officer/admin/citizen workflows, notifications, analytics charts, OCR support, and PDF certificate generation.	
Business Performance Analytics Dashboard	SQL + Power BI 2025
- Built an end-to-end analytics workflow using SQL and Power BI dashboards. - Analyzed revenue trends, segmentation, and KPIs to generate business optimization insights.	
Customer Retention & Churn Analysis	SQL + EDA 2024
- Performed EDA and SQL-based segmentation to analyze churn and retention behavior. - Created dashboard-ready insights and suggested data-driven retention strategies.	
Decision-Ready Dashboard Project	Power BI
- Focused on building a dashboard that supports manager decisions through KPI clarity and visual hierarchy. - Emphasized actionable interpretation instead of only visual presentation.	
Google Sheets Data Cleaning Practice	Google Sheets
- Practiced spreadsheet-based cleaning workflows using structured tables, formulas, and validation habits. - Prepared messy data for analysis and reporting using Google Sheets and spreadsheet logic.	

EDUCATION

Bachelor of Technology - GIET Engineering College	Completed 2026 CGPA: 7.47
